

The Pakistan Private Equity and Venture Capital Association of Europe (PVCAE)

The Pakistan Private Equity and Venture Capital Association of Europe (PVCAE) has been established as a European based association representing the interests of European private equity and venture capital investors looking to invest in Pakistan. The objectives of the PVCAE are to provide potential investors with the essential market information required to make informed investor decisions, to be a platform for networking and sharing knowledge and experiences, and to be a conduit through which to relay to the Pakistan Government and regulatory authorities (specifically the SECP) the views and concerns of European investors in relation to policy making.
